LUNG CANCER LIVINGROOM

Resistance to Targeted Therapies

June 19, 2018

Another can't miss Living Room addressing all the questions about progression in your lung cancer and where to go and what to do. Dr. Blakely will be talking about what is happening in the research field for next generation therapies after progression from your 2nd and 3rd line treatment. Also we will be discussing innovative research and a peek into the future...

Panel of Speakers:

Dr. Collin Blakely- Medical Oncology-University of San Francisco
Survivor: Teri Kennedy
